

A little bit about us

BB Soccer deliver the highest quality soccer and multisport classes for children aged between 2 – 12 years.

We offer a wide range of classes for Nurseries, Schools and Football Clubs. Our classes are uniquely designed to be fun, engaging and develop not only football skills but also skills for a variety of different sports.

Our staff are qualified professional sports coaches, CRC / DBS checked and first-aid trained. We have plenty of experience working with children from a wide variety of age groups.

BB Soccer strives to ensure you have the same member of staff each week as we know how important consistency is for your pupils, parents and staff.

At BB Soccer we believe all children have the right to experience high quality sports coaching delivered by professional coaches who are passionate about their jobs!

“ BB Soccer’s classes for our 2-4 Year olds are great fun. The kids love the coaches that come along and have a great time playing multisport’s with them. Its no extra hassle for our nursery as they take care of all the admin and it also means our staff have a little break. I would recommend that you give them a try, after their free trial at our nursery they now have 18 regular children who enrol in their classes each term.

How can we work with your Nursery/Montessori?

Our 45 minute weekly Football & Multisports class at your Nursery / Montessori are proven to improve children's listening, behaviour, ABC's (agility, balance and cardio) most importantly the smiles on their faces.

Whether you have a small inside or outside area we can run the class at your venue. Its no extra work for you or your staff and many nurseries use the BB Soccer class as a chance to learn some useful teaching techniques or a welcomed break for staff.

Our classes are a great way to advertise / improve numbers on a quieter day at your nursery or to help your staff manage on a day with high numbers of children. Some nursery's have us come in 2/3 days a week as our classes are so popular, and gives parents the option of extra circular activities!
